

Happy holidays from The Center for Children's Health

Greetings from The Center for Children's Health, formerly known as the Community-wide Children's Health & Planning Survey (CCHAPS) team. It's been a busy few months and we're excited to update you on all that's been happening!

The Center for Children's Health now oversees CCHAPS, community research and health outreach, with the goal of creating aligned collaborations that will lead to improved child health outcomes.

You might notice that we've changed our format to make our e-newsletter more user-friendly. Now you can click directly to the article that interests you. Moving forward, we plan to communicate with you through our e-newsletter on a quarterly basis. To receive more frequent updates, be sure to "like" The Center for Children's Health on Facebook.

Read on to see what other exciting updates we have for you. We hope you enjoy our new format!

Wishing you a happy and healthy holiday season,
The Center for Children's Health team

2012 CCHAPS data released

Our new survey provides another data point and an update on the health of children in our six-county service area. Please note that you will need to create a user name and password to view the new data. [Read more.](#)

The Center for Children's Health OFFICE OF HEALTH/OUTREACH & COMMUNITY RESEARCH 2012 Report

2012 Center for Children's Health Report

Consider this an early holiday present! This report contains all the latest and greatest Center for Children's Health updates from the past 18 months. [Download 2012 report \(PDF\).](#)

Third Regional Child Health Summit

The third Regional Child Health Summit took place Oct. 9, 2012. Over 140 community stakeholders came together to hear the results from the 2012 Community-wide Children's Health Assessment & Planning Survey (CCHAPS). [Read more.](#)

Our new Web site

As well as the new 2012 data. The dramatically retooled site gives visitors access to more information by issue and by region, and helps them easily compare statistics. In-depth information for each coalition has been added for visitors to keep up with efforts. [Visit site.](#)

Results-based accountability

How much did we do?

Is anyone better off?

How well did we do it?

What was the quality of the change?

Webinar: Results Based Accountability (RBA)

Results Based Accountability (RBA) expert, Karen Finn, discusses the basic principles of RBA. [View RBA refresher video](#) (NOTE: The screen is blank for the first 45 seconds). [Register to attend the November 13 RBA webinar.](#)
